EDUCATION

Boston University, Boston, MA Expected 2027
Majors: Economics and Computer Science | Minor: Psychology

EXPERIENCE

Guotai Junan Futures Jun 2026 - Aug 2026
Data Analysis Intern

- Built a Python-based linear prediction model to estimate the likelihood of market inspections using trading frequency, trading volume, and historical inspection timing and frequency as predictive variables.
- Cleaned, organized, and analyzed market data to evaluate relationships between trading behavior and inspection activity, supporting quantitative risk analysis.

Nanjing Chia Tai Tianqing Pharmaceutical Co., Ltd. Jun 2025 - Jul 2025
Assistant to Vice President

- Supported the Vice President with daily operations, calendar coordination, meeting preparation, document organization, and travel scheduling.
- Attended management and project meetings, tracked key action items, and followed up on project progress and execution.
- Coordinated with internal departments to communicate priorities, confirm decisions, and facilitate timely completion of assigned tasks.

CBRE Jul 2023 - Aug 2023
Consulting Intern

- Conducted feasibility and competitive analysis for a potential property acquisition in Shanghai's Wujiaochang area, comparing office and mixed-use commercial positioning strategies.
- Supported a hospitality investment project by identifying and contacting homestay operators to assess partnership and investment interest.

RESEARCH & LEADERSHIP

East China University of Science and Technology Jul 2021
Research Program - Revitalization of Chinese Time-Honored Brands

- Conducted field research on the revitalization of Chinese time-honored brands, including visits to Lao Feng Xiang and Lao Miao Gold.
- Examined how heritage brands modernize their branding and consumer outreach while preserving traditional identity and cultural value.
- Researched Lao Feng Xiang as a case study and authored a published WeChat Official Account article on its history, brand development, and revitalization strategy.

BUGCC Jul 2021
Fundraising Team Member

- Approached local merchants and helped negotiate sponsorship agreements to support GCC events and activities.
- Recruited merchants to the GCC Card discount program by presenting the program and discussing participation benefits with prospective partners.

SKILLS

Programming & Data: Python, Java, C, SQL, Stata
